

Certificate of Adoption

.....

**adopted a wild friend at
Corbin Local Wildlife, Tobago**

**The founders of Corbin Local Wildlife
thank you for your support**

Ian Wright and *Roy Corbin*

NOCTURNAL

ENDANGERED

**You adopted a
Red-Tailed Boa
Constrictor**

These snakes live on the forest floor, blending in with the green and brown leaves. They grab prey with their teeth and give a powerful squeeze to stop it from escaping. Would you rather be invisible or super strong?
